

W&A ENGINEERING

A BETTER COMMUNITIES COLLABORATIVE COMPANY

TRAFFIC ENGINEERING SERVICES

Building Better Communities

W&A Engineering improves communities with innovative design, effective and efficient engineering, and professional service. From simple traffic studies to roadway design and permitting to streetscapes, and more, W&A Engineering is

well-known for our innovative, and functional solutions to complex traffic projects. With project experience in 46 states and counting, W&A Engineering has been building better communities with clients across the country since 1999.

With traffic engineers, civil engineers, land surveyors, and landscape architects, and planners all in house, we design efficient mobility systems and solutions to meet the needs of growing communities across the country.
